

VANTRAAX[®] 40K Heavy-Duty option

Arm yourself in the fight against road impact damage with Hendrickson's VANTRAAX[®] 40K Heavy-Duty option

A bumpy road awaits truckers today, more brutal for some than for others. Potential obstacles are everywhere: tight city streets, restrictive roadways and entrances, and barriers dotting loading docks and truck stops. All can catch even experienced drivers off guard and cause impact damage to sliding suspensions.

If you are fighting repeated bogie damage from these obstacles, Hendrickson delivers new armament for your battle — VANTRAAX[®] 40K Heavy-Duty option. It combines our field-proven 20,000-pound capacity suspensions with a heavy-duty K-2[®] slider box that helps minimize bogie damage from obstructions without a weight penalty.

With a **28 percent** stronger slider box, the VANTRAAX 40K Heavy-Duty option provides outstanding performance. It helps reduce your repair costs and increase road time by further protecting your bogies from buckling and bending from a large impact.

Robust main rails and K-braces feature grade 80 steel, combined with our reliable 20,000-pound capacity suspensions that use the durable TRI-FUNCTIONAL[®] III Bushings and Hendrickson Large-Diameter Axles (LDA[™]) for reduced weight and added stiffness.

For additional information, call 1-866-RIDEAIR or visit our web site at www.hendrickson-intl.com.

VANTRAAX® 40K Heavy-Duty option brings reinforcement for the road

Help minimize bogie repairs and lost time from impact damage with the VANTRAAX® 40K Heavy-Duty option. This option provides extra strength to handle large impact situations your drivers can face.

The VANTRAAX 40K Heavy-Duty Advantage

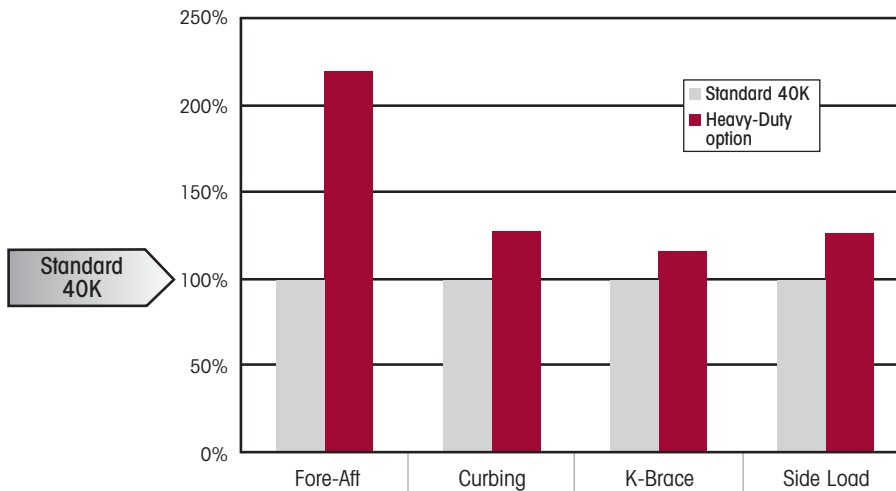

- Helps reduce damage due to large road impacts
- Helps increase road time
- No weight penalty

The VANTRAAX 40K Heavy-Duty Difference

- **28 percent stronger slider box**
 - ✓ High-strength, grade 80 steel side rails
- **16 percent stronger K-braces**
 - ✓ Grade 80 steel to resist buckling
- **Improved shock clevis attachment**
 - ✓ Doubles the strength
- **Hendrickson's proven 20,000-pound capacity suspensions**
 - ✓ TRI-FUNCTIONAL® III Bushings
 - ✓ Large-Diameter Axle (LDA™)

**Performance Comparison
Standard VANTRAAX vs. 40K Heavy-Duty option**

Actual product performance may vary depending upon vehicle configuration, operation, service and other factors.
